USE GAS for heating. It is cheaper and much nicer than coal. No trouble either, if you have one of our

Ironton Bunsen Heaters

Not like any other Gas Heater. Gives more heat on much less fuel and will burn when the pressure is too low for ordinary stoves. Try one for 10 days at our risk. Money back if not satisfied. Call and see one before you buy a heating stove.

E. M. MICHENER.

MYERS PURE FOOD STORE

SATURDAY, OCTOBER 14, IS

Nation Wide Candy Day

This is the day everybody buys candy; but every store does not carry delicious candies, such as we sell. See our candy window, and don't forget that next Saturday our bargain price will be

10 OUNCES FOR 10c

for any candy in the store except penny goods.

Cash and no deliveries—saves money—customers benefit.

ELECTION DAY DRAWS NEAR

If You Want to Vote Make Sure
Your Name Is on The
Registration Book

It is time that the city voters were thinking about their registration!

Election day will come three weeks from next Tuesday, on November 7, and the registration books will close ten days before that time or on October 27, at 10 o'clock at night.

Because of the fact that it is a presidential election and more interest is being shown, Baxter should have a record breaking registration when the books close two weeks from next Friday night.

All persons who voted at the last general election or when state officers were chosen, and have not changed their street address since, need not register for the coming election.

All persons who failed to vote at the last general election, or have moved since that time or since they registered and all new voters, must register with the city clerk before they can vote next month.

In any event the better plan is to call on the city clerk and make sure of the matter. It is better to make the call and find that you are already registered than to be denied a ballot on election day.

The registration books are open at the city clerk's office any time during the day with the exception of the noon hour, and during the last few days before closing will be open all day long and up until 10 o'clock at night.

Avoid the rush and attend to the matter now!

Mining Notes.

H. D. Skelton, John Cheyne and Chas. Williams, who have first lease on the Hocker farm a couple of miles west of Baxter, have sub leased two forties to St. Louis parties who are under contract to have a shaft down and a mill in by February 1. The consideration was \$20,000 for each forty and 15 per cent royalty to Mr. Skelton and associates. This ground has been thoroughly explored and is known to carry a very rich ore body.

The Picher company marketed ores last week as follows:

Blende	467,380
Netta	344,600
White Bird	275,510
Crawfish	52,100
Bingham	1,139,590

The Bilhars Mining Company sold 211,000 pounds of blende last week. The land on which this company is mining is owned by the Cooper estate and J. O. Goodwin.

The ore market last week was stronger than for the past several weeks. \$55 to \$67.50 for blende and \$75.00 for lead ores.

W. M. Sheridan, trustee, has let a contract for a new 300-ton concentrating plant to be built on the Ton-gah-hah-Bearer land, just west of Picher. Two shafts

Have You Seen Him?

You will know him by his Trade Mark—he carries it with him. He's the Knocker on Baldwin's Honey. He is the one that would steal from you by selling you adulterated goods if he had a chance. Baldwin's Honey is Pure and Delicious. Ask your Grocer for it. If he won't sell it to you Baldwin will.

Cash honey 1c each, 25c per dozen
Extracted honey 1c pound, 1 pound \$1.00
Chunk honey 1 pound 10c

O. N. BALDWIN,

Baxter Springs, Kansas.

have been sunk on this tract both of which show up a rich face of ore. The ore running about 20 per cent. Two 150-horse power boilers have been set and mill work will be rushed. The Empire Supply Company has the contract for the mill which is to be in operation in 90 days. John Marshall is superintendent for the Sheridan property and considers the prospects for developing a good mine very promising.

P. T. A. Meets.

The Parent Teachers' Association met Tuesday night at the school house. A short program was given and a light lunch followed, served by the Domestic Science girls. The program was as follows:

Babyland, grades 2 and 3.
Reading by Miss Dorothy Edrington.
Double selection, 4th grade.
Marsha Van Dusen, a reading of Van Dyke.
Piano solo, Miss Ethel Ratcliffe.

Vocal solo, Miss Priscilla Wear.
The carpenter man, Miss Kathleen Covey.
A bill of \$31.45 was put to the association for the gas lights recently installed. The election of officers was put off until next meeting.

LIKES THE OLD TOWN

Former Baxterite After a Visit
Here Writes Back to
Old Friends.

Fort Dodge, Kans., Sept. 9, 1916.

Editor Baxter Springs News:—We are taking advantage of your generous offer of your newsy little paper of one dollar before the 15th of the month, for I guess we want to know what is going on in the old town, if we are away out here. We regretted having to make so short a stay there, for we think it a delightful place to live but we had to move on.

We left here the last of August, took the Santa Fe train at Dodge City, went to Kansas City, saw the old soldiers gathering for their great national meet, then on the Frisco down to Fulton, our old home, for a few days then on to Baxter, Quapaw and Joplin. How we did enjoy meeting old faces and friends and the Chautauqua and Brother Hoopingarner's sermon and everything, for after all, it's the simple friendships of life that give it its real sweetness.

We came back on the Frisco to Burrton, then on the Santa Fe to Dodge City in time for the reunion of the old soldiers of the west. We heard some good speeches of both the governor of Kansas and Colorado, also heard the three congressmen from the short grass country, who are running in the tickets, namely, Mr. Howard Kershner, prohibition; Mr. Joint Sharee, democrat; Mr. Simmons, republican. Now it's wonderful what will be done if either are elected. The plot thickens. Hot air is freely distributed here as elsewhere and everybody knows all about the European war and how to stop it and all about the Mexican troubles and a remedy. Its truly wonderful how well we are informed and how little we know. It is written that destiny has two ways of heading us off, one by granting, the other by denying us our desires. It is not possible to know where the rain will fall so here's hoping the best for all and the best for the future of Baxter, that can come to any old town. Yours truly,

MRS. R. C. BURCHAM.

Misses Ethel and Grace Godfrey have opened a restaurant in Baxter, on Military street across from the Perkins new garage building.

THOUSANDS ARE BAXTER GUESTS

Two Days Celebration Attracts
Crowds Here and All Have
Time of Their Lives.

Anti Days were the best ever. The most successful celebration Baxter Springs has had in many years.

Such was the universal verdict of the many thousands who spent Friday and Saturday here taking in the excellent programs of parades, races and contests, mingling with friends and having a general good time.

The weather was fine and the program was carried out without a hitch.

The Friday parade brought out much admiration and comment. Over 700 school children were in line, and this exhibit of young America removed all fears of Baxter becoming depopulated on account of race suicide. The city schools had about 400 in line, a very strong argument indeed for the erection of another school house to take care of the rapidly increasing enrollment. The schools this year are so crowded that it is impossible to do the work as it should be done.

The mask or Calithumpian parade was an amusing part of the program. The maskers also had a big time. For the most comical costumes the Misses Clara May Noble and Grace Thomas, dressed as an old man and old woman, won first prize, and Jim Smith and Irvin Hocker, dressed as a coon couple in high society won second prize.

The school prizes were distributed as follows:

For the District school room having the largest number in line \$10 was divided between the Star school and the advanced room of the Mitchell school, both having the same number.

Mrs. J. E. Simmons of Grace school won the prize of \$5.00 for having the largest percentage of total enrollment in the parade.

In the Anti parade on Saturday, the Southeast Kansas lodge won the prize offered for the greatest number on horseback in line.

Ottawa lodge came the longest distance, had 16 in line and won that prize.

S. L. Winters of Willow Creek lodge was the oldest Anti in line. W. H. Estes of Ottawa lodge was the fattest Anti.

The Pittsburg Shriners band made a big hit with the people. The music was about the best ever heard in Baxter, they all say.

P. M. Hefley, Willow Creek lodge, had the best team in the parade.

Golden Rule lodge won from Southeast Kansas in the tug of war.

The children's races were hotly contested and the prize money mostly was used during the day in filling up with bon bons and ice cream the stomachs made empty by the lively exercise.

The Presbyterian ladies have requested the News to thank the public for the nice patronage given at the dinner served Saturday. The lucky patrons are grateful to the ladies, also for providing such a good dinner. The ladies also extend public thanks to the Pearl Grocery for providing a sufficient supply of their Beable's Butter Bread, which by the way, melted away before the hungry diners like snow in a July sun. The coffee, about which so many enthused, was the Red Wolf brand donated by the White House grocery. The Willard Co. donated the flour.

Madame Rappold would not sing with a Talking Machine

Can you imagine Madame Rappold of the Metropolitan Opera appearing in public and singing with a talking machine? Of course you cannot. Madame Rappold is one of the world's greatest artists. She would not prostitute her art in that way.

SHE DOES SING WITH The NEW EDISON

At Carnegie Hall, New York's inner shrine of music and elsewhere, before 35,000 people, in the aggregate, she has stood beside the New Edison and sung in unison and in comparison with Edison's Re-Creation of her voice, and the music critics of America's leading newspapers concede that Edison's Re-Creation of her voice is indistinguishable from that wonderful voice as it comes from her own golden throat.

Not a Talking Machine

The New Edison is not a talking machine. It is the world's most wonderful musical instrument. We want you to hear it.

J. W. GRANTHAM,

Baxter Springs, Kansas.

Poor Management

during the productive period of life is usually responsible for lack of comforts in old age. By poor management we mean haphazard or planless handling of one's income. Instead of forming a regular habit of laying aside a part of the income the efforts along this line have been spasmodic or intermittent.

Anyone who has ever given serious thought to accumulating something for old age comforts must realize that to be successful there needs to be a systematic and definite plan of action.

That is the advantage of our Bank Account Plan

No other systematic and definite plan is so easy to follow or produces the same results.

The Fashions

Of course the men will not read an ad about fashions, so this one is written for the ladies. It's the latest report about the fashions in husbands.

There is really not much change. Husbands may be fat, skinny, bald, tall, short, lean, and even have whiskers, just so they are decorated with large bank accounts, debts to lands, profitable business, and ability to hustle. These fashions in husbands haven't changed much since your grandmother was a girl. Show this fashion ad to your husband or your prospective husband and tell him to come to our bank where we will help him to meet the fashions the ladies desire.

OURS IS THE ONLY BANK IN BAXTER
SPRINGS IN WHICH DEPOSITS ARE
GUARANTEED.
